

1: Date 07/15/2011	2: Time 1830	3: Initial Update Final XX	4: Incident Number GA-GAS-201103	5: Incident Name RACEPOND		
6: Incident Kind Wildfire (Full Suppression/Perimeter Control)		7: Start Date Time 05/25/2011 1500	8: Cause Lightning	9: Incident Commander Custer	10: Incident Command Organization Type 2 Team	11: State-Unit GA-GAS
12: County CHARLTON	13: Latitude and Longitude Lat: 30° 59' 27" Long: 82° 6' 38" Ownership: GA-GAS		14: Short Location Description (in reference to nearest town): 12 MILES S OF HOBOKEN GA			
15: Size/Area Involved 20,934 ACRES	16: % Contained or MMA 88 Percent	17: Expected Containment Date:	18: Line to Build 1 Miles	19: Estimated Costs to Date \$4,715,523	20: Declared Controlled Date: Time:	
21: Injuries this Reporting Period: 0	22: Injuries to Date: 1	23: Fatalities 0	24: Structure Information			
			Type of Structure	# Threatened	# Damaged	# Destroyed
25: Threat to Human Life/Safety: Evacuation(s) in progress ---- No evacuation(s) imminent -- Potential future threat ----- XX No likely threat -----			Residence	300	0	0
			Commercial Property			
			Outbuilding/Other	400		
26: Projected incident movement/spread 12, 24, 48, and 72 hour time frames: 12 hours: There is a possibility of movement of any escapes to the Northwest based on the afternoon sea breeze. 24 hours: 48 hours: 72 hours:						
27: Values at Risk: include communities, critical infrastructure, natural and cultural resources in 12, 24, 48 and 72 hour time frames: 12 hours: 24 hours: The communities of Hickox, Racepond, Hoboken and Nahunta. State, private and commercial timberlands. The Okefenokee Wildlife Refuge. Hwy 94, 301, and 1 are threatened to closure with increased fire activity. The Okefenokee Swamp Park. The Georgia Forestry Commission district office which includes the Racepond Fire ICP. If the Racepond and Honey Prarie Fires meet, the community of Astoria could be threatened. 48 hours: 72 hours:						
28: Critical Resource Needs (amount, type, kind and number of operational periods () in priority order in 12, 24, 48, and 72 hour time frames): 12 hours: 24 hours: 48 hours: 72 hours:						
29: Major problems and concerns (control problems, social/political/economic concerns or impacts, etc.) Relate critical resources needs identified above to the Incident Action Plan. Problems for control include but are not limited to the following: 1. Drought stressed fuels, fire cured fuels and reburns based on needle cast inside the fire perimeter. 2. Limited access to areas based on terrain and soil conditions. 3. Erratic winds and possible lightning starts caused by afternoon thunderstorms.						
30: Observed Weather for Current						

Operational Period															
Peak Gusts (mph): 17 Max.		31: Fuels/Materials Involved: 7 Southern Rough													
Temperature: 88		Palmetto, Gallberry, Titi, pine straw, hardwood understory													
Wind Direction: E Min.															
Relative Humidity: 67															
32: Today's observed fire behavior (leave blank for non-fire events): Fire behavior consisted of reburns, creeping spread and low flame lengths. Rain and high RH prevented any significant fire behavior.															
33: Significant events today (closures, evacuations, significant progress made, etc.): Between one to two and half inches of rain fell on the Racepond fire today. AS of today down sizing of the incident has begun.															
34: Forecasted Weather for next Operational Period				35: Estimated Control Date and Time:				36: Projected Final Size:		37: Estimated Final Cost:					
Wind Speed (mph): 11 Temperature: 88								20,934							
Wind Direction: E Relative Humidity: 63															
38: Actions planned for next operational period: Continue to complete control line and improve existing ones on the east and south flanks. Continue structure protection at the Okefenokee Swamp Park.															
39: For fire incidents, describe resistance to control in terms of:															
1. Growth Potential - Medium															
2. Difficulty of Terrain - Medium															
40: Given the current constraints, when will the chosen management strategy succeed? Sustained rain will be needed to obtain control of the fire.															
41: Projected demobilization start date: 07/20/2011 0000															
42: Remarks: Resources committed to the Racepond fire but not included in the Committed Resources field: Two Motor Graders - State Resources															
43: Committed Resources (Supplemental Committed Resources follow the first block)
